KINDERGARTEN HEALTH FORMS

Please review the following information. Complete and return the necessary forms to the Conrad Elvehjem Primary School Health Office before the first day of school. Forms and information will also be available during annual Online Enrollment.

IMMUNIZATION FORM

WI State law requires written evidence of immunization against certain diseases, DHS Wisconsin Immunization requirements by age/grade (Stat. 252.04 (2)). If, for health, religious or personal convictions your child is not immunized, please check the appropriate waiver box (Step 4) and sign the Student Immunization Record. **The Student Immunization Record must be completed, signed by a parent/guardian, and be on file before the 30th day of school.** Students not meeting the minimum immunization requirement and have no waiver on file may be subject to exclusion. If needed, please schedule your child's appointment well in advance, as immunization clinics are often flooded with late-summer requests.

PHYSICAL EXAMINATION RECORD FORM

To be completed by your child's physician and returned to CEPS Health Office (Stat. 118,25(3)). Additional health insurance resources are available here and on the MSD Health Services Website.

VISION EXAMINATION FORM (Optional)

To be completed by your child's physician, optometrist or ophthalmologist and return to CEPS Health Office (Wisc. Stat. 118.135). Additional vision resources available here and on the MSD Health Services Website.

HEALTH HISTORY

Students' health history, medical conditions and medication information will be submitted during annual online enrollment. If your student will require medication to be kept at school a Medication Consent form will be required.

DENTAL RESOURCES

Information and enrollment for Bridging Brighter Smiles (BBS) preventative dental hygiene services right at school are attached. Please reach out to BBS #262-896-9891, with questions or help with enrollment. Additional dental resources available here and on the MSD Health Services Website.

STUDENT IMMUNIZATION LAW
AGE/GRADE REQUIREMENTS

The following are the minimum required immunizations for each age and grade level according to the Wisconsin Student Immunization Law. These requirements can be waived for health, religious, or personal conviction reasons. Additional immunizations may be recommended for your child depending on his or her age. Please contact your doctor or local health department to determine if your child needs additional immunizations.

Table 144.03-A
Required Immunizations for the 2021-2022 School Year and the Following School Years

Age/Grade	Required Immunizations (Number of Doses)								
5 months through 15 months	2 DTP/DTaP/DT		2 Polio			2 Hep B	2 Hib	2 PCV	
16 months through 23 months	3 DTP/DTaP/DT		2 Polio	1 MMR		2 Hep B	3 Hib	3 PCV	
2 years through 4 years	4 DTP/DTaP/DT		3 Polio	1 MMR	1 Var	3 Hep B	3 Hib	3 PCV	
Kindergarten through grade 6	4 DTP/DTaP/DT		4 Polio	2 MMR	2 Var	3 Hep B			
Grade 7 through grade 11	4 DTP/DTaP/DT	1 Tdap	4 Polio	2 MMR	2 Var	3 Hep B			1 Mening
Grade 12	4 DTP/DTaP/DT	1 Tdap	4 Polio	2 MMR	2 Var	3 Hep B			2 Mening

1. Requirements did not take effect until February 1, 2023, and the rule was therefore not in effect for the 2021-2022 or 2022-2023 school years. The Tdap requirement for grades 7-11 was implemented for the 2023-2024 school year. The Meningococcal (serogroup A,C,W,Y) requirement was implemented for the 2024-2025 school year.
2. Schools are not required to verify Hib and PCV vaccines for Pre-K students.
3. Children 5 years of age or older who are enrolled in a Pre-K class should be assessed using the immunization requirements for Kindergarten through Grade 5, which would normally correspond to the individual's age.
4. D = diphtheria, T = tetanus, P = pertussis vaccine. DTaP/DTP/DT/Td vaccine for all students Pre-K through 12: Four doses are required. However, if a student received the 3rd dose after the 4th birthday, further doses are not required. **Note**: A dose four days or less before the 4th birthday is also acceptable.
5. DTaP/DTP/DT vaccine for children entering Kindergarten: Each student must have received one dose after the 4th birthday (either the 3rd, 4th, or 5th dose) to be compliant. **Note**: a dose four days or less before the 4th birthday is also acceptable.
6. Tdap is an adolescent tetanus, diphtheria, and acellular pertussis combination vaccine. If a student received a dose of a tetanus-containing vaccine, such as Td, within five years before entering the grade in which Tdap is required, the student is compliant and a dose of Tdap vaccine is not required.
7. Polio vaccine for students entering grades Kindergarten through 12: Four doses are required. However, if a student received the 3rd dose after the 4th birthday, further doses are not required. **Note**: a dose four days or less before the 4th birthday is also acceptable.
8. Laboratory evidence of immunity to hepatitis B is also acceptable.
9. MMR is measles, mumps, and rubella vaccine. The first dose of MMR vaccine must have been received on or after the 1st birthday. Laboratory evidence of immunity to all three diseases (measles and mumps and rubella) is also acceptable. **Note**: A dose four days or less before the 1st birthday is also acceptable.
10. Varicella vaccine is chickenpox vaccine. Students with a reliable history of varicella disease are not required to receive the Varicella vaccine. A physician, physician assistant, or advanced practice nurse prescriber must document a reliable history of varicella disease by indicating that the student has had varicella and signing the Student Immunization Form (DHS Form 04020L). Students (excluding new enterers and kindergartners) with a parental report of disease prior to May 2024 are considered complaint.
11. One dose of Meningococcal vaccine (serogroup A,C,W,Y) is required for students entering 7th grade, and a booster dose is required for students entering 12th grade. Students are assessed for this requirement in 7th grade and 12th grade only. Current Wisconsin students in 8th-11th grade will not be assessed for this requirement until they enter 12th grade. A second dose is not required for students who received their first dose of MenACWY at age 16 years or older.

STUDENT IMMUNIZATION RECORD

Instructions to Parent: Complete and return to school within **30 days after admission**. State law requires all public and private school students to present written evidence of immunization against certain diseases **within 30 school days of admission**. The current age/grade specific requirements are available from schools and local health departments. These requirements can only be waived if a properly signed health, religious or personal conviction waiver is filed with the school. The purpose of this form is to measure compliance with the law and will be used for that purpose only. If you have questions regarding immunizations, or how to complete this form, contact your child's school or local health department.
