June:

6/15 @ 2:00 Summer Library Program Kick Off: This event is to kick off this year's summer library program. There will be games, crafts, food (hot dogs), and a touch-a-truck event. Touch-a-truck will feature a variety of vehicles from fire trucks to dump trucks to snow plows and front end loaders. Children will be able to explore these vehicles while talking with the people who operate them on a regular basis.

6/17 @ 1:00-3:00 Crafternoon: We provide the materials, you provide the creativity. This is a drop in crafting program for all ages. We will have different projects ready for people to try out.

6/21 @ 2:00 Some Fun School Age Programming: This program is for children in grades 1-5 and will feature different projects that they will design and create.

6/22 @ 2:00 Performer: Hillbilly Silly Science Spectacular. Dr. Cletus Beaker will delight children with his interactive silly hillbilly science program.

6/29 @ 2:00 Performer: Traveling Lantern Theatre Company. The theatre company will be presenting "The Ribbles Build a Residence: The ABC's Architecture, Building and Construction." This is an original work created around this year's summer library theme: Build a Better World.

Read 2 Dog's dates are tentative at this time – which is why they are in red. We are hoping to have them back this year but have not confirmed with them yet. For this program children come and sign up for a 15 min period of time to read to a helper dog.
