A LETTER FROM YOUR PRINCIPAL

Dear Families,

Welcome to the 2016 – 17 school year! The entire Waubesa staff is excited to have you joining us and we know that by working together we can make it a great year. This handbook is a guide for you to use to help ensure that the year ahead is a success.

Waubesa School is a warm and welcoming place for our children and their families. Our teaching staff is exceptional and all staff members strive to create an environment of respect and academic challenge for the each child to grow and learn. We want to work with all families to help all students reach their highest potential.

This handbook is a communication tool. Students and their guardians can learn a great deal about our school procedures and key policies by reading through the handbook. This knowledge is vital to support the daily routines set forth by the staff. It is our expectation that all parents and students read the handbook. The Handbook Acknowledgement, which you complete as part of the registration process prior to the start of school, indicates that you have read and understand the contents of the handbook.

We look forward to a great year and thank you for joining us as partners in the education of your child.

Sue Murphy
Principal

ACADEMIC HONESTY

Academic honesty is expected of all students. All schoolwork submitted for the purpose of meeting course requirements must represent the original ideas and efforts of the individual student. Any actions such as (but not limited to) obtaining a copy of a test in advance, sharing answers, representing another's work as one's own, or using notes, worksheets or other materials prohibited by the teacher are cheating and considered academic dishonesty. Students may not plagiarize (use the words or ideas of another person as their own without acknowledgment of the source) in written, creative, or oral work. This includes cutting

and pasting information from an Internet article or retyping such work into a paper or project, whether or not it is copyrighted. In cases of academic dishonesty, the teacher and/or building administrator will notify the student's parent/guardian and appropriate consequences will be assigned. Consequences may include losing credit for the assignment, exam and/or the marking period, parent contact, and disciplinary action. As included in the school's disciplinary procedures, please note that in addition to restorative solutions, an in-school or out-of-school suspension may be the response to most administrator-confirmed incidents of academic dishonesty.

ACCELERATED LEARNING

The School District of McFarland is committed to setting high expectations and supporting high achievement for all its students. The district supports its gifted and talented students through specific services both within and outside the district, and through the commitment of staff and fiscal resources. Each school has a part-time Accelerated Learning Resource Teacher available to support students and staff. The WIS Resource Teacher, Lisa Sheil, may be reached at 838-4500 ext. 5460 or via email at SheilL@mcfbsd.org. The School District of McFarland has an acceleration policy that allows parents/guardians and students to have the opportunity to reflect on the educational placement that is most appropriate for the student. For further information, please see Board Policy 5410 or access the district website and select "gifted and talented" from the parent tab.

ANIMALS

As per board policy, live animals as part of the curriculum or for educational enrichment programs are permitted providing the district procedures are followed. The animal caretaker must receive prior permission from the classroom teacher AND building administrator before the animal is brought to school. Please refer to District Policies 8390, 8405, and 9160 for specifics on animals in classrooms.

ARRIVAL AT SCHOOL

Just a reminder: students are not supervised until 7:30 a.m. unless they are in the Commons for the breakfast program which starts at 7:15. At 7:30 a.m., students may report to the playground or to the Commons if they are eating school breakfast. They will be supervised in both locations until the first bell rings. The first bell rings at 7:52 a.m. and school starts at 8:00 a.m. If it is -1 degrees or colder or if it is raining, students will be allowed to enter the building at 7:30 and should report to the Commons or gymnasium after they have taken their coats and backpacks to their cubby.

ATTENDANCE

Please have your child(ren) in school every possible minute. Good school attendance is critical. Being on time so that important directions and announcements are not missed is extremely important. Being absent causes a child to get behind in school, to become frustrated, and can negatively affect his/her self-concept. Please schedule appointments, vacations, visits to relatives, etc. during non-school time. Further, the McFarland School District's Board of Education has adopted the following procedures:

Attendance Rules and Regulations:

Regular school attendance is very important for a child's success in school. Tardiness and absence from school reduces a child's opportunity to learn. A significant number of absences will require a school to initiate procedures outlined by Wisconsin's Habitual Truant and Children at Risk laws. The following attendance rules and regulations apply at Waubesa Intermediate School.

Attendance Procedure:

In order to protect the welfare of students coming to and leaving school, there is a 'safe arrival' policy that includes the following procedures: If your child is ill or is going to be absent (this includes any vacations) or tardy for any reason, please call Waubesa Intermediate School at 838-7667 before 8:15 a.m. and leave a

message in the office. If you fail to call the office by 8:30 a.m., school personnel will contact you either at home or work to confirm your child's absence or tardiness.

Attendance: Excused Absences

Students may be legally excused from school for the following reasons:

- Evidence that the student is not in proper physical or mental condition to attend school. Parents/Guardians are always encouraged to provide a written statement from a physician or licensed practitioner as proof of the physical or mental condition of the student. At the direction of school administration, a parent/guardian will be required to provide such information in order for the absence to be excused. Such excuse shall be made in writing, shall state the period of time for which it is valid, and shall not exceed 30 days.
- Obtaining religious instruction or observing religious holidays.
- Permission of Parent or Guardian: A parent or guardian may excuse a student before the absence for any or no reason. A student may not be excused for more than ten (10) days per school year and must complete any course work that is missed during the absence. Reasons in this category include, but are not limited to, the following:
 - Any professional and other necessary appointments (e.g., medical, dental, and legal) that cannot be scheduled outside of the school day. Parents/Guardians are always encouraged to provide a written statement from a physician or licensed practitioner as proof of the appointment. At the direction of school administration, a parent/guardian will be required to provide such information in order for the absence to be excused. Such excuse shall be made in writing, shall state the period of time for which it is valid, and shall not exceed 30 days. Parents/Guardians are asked to try to make appointments during non-school times whenever possible.
 - A death in the immediate family or a funeral for relatives.
 - Legal proceedings that require the student's presence.
 - Family trips that can only be taken during the normal school term. The intent of this provision is to allow students to accompany their parents/guardians on a vacation that cannot be scheduled when school is not in session. A student may be excused from school for a vacation for no more than ten (10) days in a school year. Parents/Guardians are required to notify a building administrator about the anticipated absence at least one week before leaving so that the student's attendance record and overall academic performance may be reviewed. While we realize that a vacation may (and often does) have educational value, please keep in mind:
 - It is the student's responsibility to obtain the class assignments in advance of the absence and to bring them, completed, to the teachers after the absence;
 - It is impossible to make up the classroom presentations that are missed;
 - It is often not possible to provide all class assignments and/or materials in advance of the absence;
 - The student will not have the resource of his or her teachers during the vacation; and
 - Missed instruction ultimately may affect the student's grades.
- Suspension or Expulsion.
- A student may be excused from school, as determined by the Principal, for the following reasons:
 - Quarantine of the student's home by a public health officer.
 - An illness of an immediate family member.
 - Emergency that requires the student to be absent because of familial responsibilities or other appropriate reasons.

A student may be excused for no more than a total of ten (10) days during a grading period, which is defined as a semester. Please be advised that after a student has been absent ten (10) days in a semester, a conference may be requested to discuss measures to ensure that a student can receive credit for their classes and, if necessary, to request that all of the student's subsequent absences be verified by a doctor's excuse,

appointment card, or other reasons approved in advance by the Principal. For additional information, please refer to District Policy #5200.

Attendance: Unexcused Absences/Truancy

Wisconsin state statute 118.15 states, “Truancy means any absence of part or all of one or more days from school during which the school attendance officer has not been notified of such absence by the parent or guardian of the absent pupil.” A habitual truant is a student who is absent from school without an acceptable excuse for all or part of five or more days on which school is held during a school semester.

If a student is truant, parent/guardians will be notified and receive information regarding the date(s) on which the student was truant. A parent meeting may be requested. If efforts to reduce the truancy are not effective and the student is considered a habitual truant, the student will be referred to the McFarland Police Department and a citation may be issued. School attendance consequences will also apply. Students who are truant for all or part of a day may not participate in any extracurricular activities or athletic events that day. For additional information, please refer to District Policy #5200.

Attendance: Make-Up Work When Absent

Parents/guardians may request homework (for absences of two or more days) by calling 838-7667 before 8 a.m. When a student is absent, s/he is responsible for making up any missed schoolwork. The student has the same number of days to make up the work as the days missed (e.g., if a student is out for three days, s/he has three days to make up work). Work completed within this time period is accepted without penalty. If circumstances require a longer period to complete the work, arrangements must be made with the teacher(s). Students who are absent from class due to another school activity (e.g., a field trip) are given one day to make up any work due.

Tardiness:

Students must be in their classrooms at 8:00 AM ready to learn. The entry bell for students at Waubesa Intermediate School is 7:52 AM. A tardy bell will sound at 8:00 AM. Patterns of tardiness call for intervention by the teacher, parent(s), principal, and/or counselor.

Office Notification Needed:

Our school day runs from 8:00 a.m. to 2:55 p.m. If your child(ren) must miss part of a school day please make sure they check in and out of school by stopping at the front desk in the office.

BEHAVIOR

At Waubesa Intermediate School we have five intervention strategies in place for student discipline. When a student chooses to behave inappropriately the consequence of the action will be handled through an intervention strategy. **The five interventions do not necessarily occur in order. The appropriate intervention will be selected as determined by the severity of the behavior.**

PBIS – Positive Behavior Interventions and Support

Waubesa Intermediate School, along with all of the schools in McFarland, use a research based program called PBIS. This program is endorsed by the Wisconsin Department of Public Instruction to promote and maximize academic achievement and behavioral competence in our children. As a part of the program, we have established five developmentally appropriate school-wide behavioral expectations that will be taught, modeled, practiced, and reinforced throughout the school year. These expectations will be clear to students throughout our classrooms and non-classroom settings such as the cafeteria, outside, hallways, busses, and bathrooms. By detailing every expected behavior and teaching to students in a positive way, we will provide a common language for everyone in our building. We will recognize the positive behaviors of students who do what is expected of them as well as supporting students who need extra assistance to reach our school-wide expectations. The Waubesa Intermediate School expectations matrix is shown on page 5 of this handbook.

BICYCLES

Students are encouraged to ride their bicycles to school, with an emphasis on safety (including wearing a helmet). Bicycles may be parked in the racks on either side of the school. We recommend that bikes be locked when at school as the McFarland School District is NOT responsible for bikes left here.

BULLYING

Bullying is defined as deliberate or intentional behavior using words or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well-being. The behavior may be motivated by an actual or perceived distinguishing characteristic, such as, but not limited to: age, national origin, race, ethnicity, religion, gender, gender identity, sexual orientation, physical attributes, physical or mental ability or disability, and social, economic, or family status; however this type of bullying behavior need not be based on any of the protected characteristics. It includes, but is not necessarily limited to such behaviors as stalking, cyberbullying, intimidating, menacing, coercing, name-calling, taunting, making threats, and hazing.

WIS has developed a comprehensive bullying prevention program, which aims to prevent bullying and harassment from occurring, raise awareness about the appearance and the consequences of bullying, and provide a proactive and effective response to any concerns. All of our staff members are trained to prevent bullying, and to recognize and address bullying if it does occur.

If students feel that they are being bullied, they are urged to talk to a safe adult or complete a "Hooked by a Bully Form" which is available in the office or the library media center. All reports of bullying, both verbal and written, are immediately directed to a staff member. All parents/guardians who believe their child may be being bullied should contact a WIS staff member. A variety of approaches will be used to both support the victim and the offenders when incidents of bullying do occur. (For further information, please see District Policies 5517.01, "Bullying," and 5517, "Student Anti-Harassment," which are included in the appendix).

BUS

We are committed to providing students with a safe bus ride. The school bus is considered to be an extension of the classroom; therefore, the School Board requires students to conduct themselves while on the bus in a manner consistent with established expectations for classroom behavior. Additional expectations include:

Loading/Unloading

1. Students shall ride on assigned buses.
2. Students shall get on and off buses at their assigned stop for am/pm routes.
3. Students are expected at the bus pick-up point five minutes prior to the scheduled pick-up time and shall help keep the bus on schedule. The bus will stop only if students are at the designated pick-up point.
4. Students should stay off the roadway at all times. They are expected to obey all civility and safety rules while on the bus and while waiting for the bus. Students shall walk on the side of the road facing traffic to get to the bus stop.
5. Students should wait until the bus has come to a complete stop and the driver has signaled them before moving toward the bus. Students should be in single file before entering the bus. If students must cross the roadway to get on the bus, they may cross the road only after the bus driver has signaled that it is safe to cross.
6. After getting off the bus and checking to be sure that no traffic is approaching, and after receiving the signal from the driver, students may cross the road. Students should cross the road at least 10 feet in front of the bus so that the driver can see them cross and for other safety reasons. Students should be alert to the danger signal-- a steady blast on the horn-- from the driver. Should the danger signal be sounded, students should return to the bus (the right hand side/door side of the bus).
7. Students shall be courteous, behave in an orderly fashion, and help look after the comfort and safety of small children.

8. Guest ridership is prohibited.

Conduct While On the Bus

1. Students shall respect and obey the driver. All school rules apply on the bus.
2. Students shall assist in keeping the bus safe and sanitary at all times.
3. Students shall sit and remain seated while the bus is in motion. If applicable, students will be seated in their assigned seats.
4. Students shall not throw anything inside the bus or out of the bus windows and should keep hands and head inside the bus at all times.
5. Students shall never tamper with the bus or any of its equipment. The offender shall pay for any damage.
6. Students should keep the volume of their talking and laughing at conversational levels. Loudness and unnecessary confusion could divert the driver's attention and result in an accident. When approaching a railroad-crossing stop, students shall remain silent.
7. Students shall remain in the bus in case of road emergency, unless directed to do otherwise by the driver.
8. Transporting animals or glass articles are prohibited.
9. Transporting rollerblades, skates, scooters or skateboards are prohibited, unless fully enclosed in a backpack.
10. Students shall keep personal items out of the aisles.
11. Disrespectful, obscene or vulgar language and gestures are not allowed.
12. Food or beverages are not to be consumed on the bus, and the use of tobacco is prohibited.
13. Students on trips must respect the instructions of the chaperones that have been appointed by school officials to accompany the bus drivers.

Notifying the bus contractor of absences (Nelson's Bus Service, 205-9040)

1. Parents/guardians should notify the bus contractor by 6:30 AM if their student(s) is not riding the bus that day. The bus contractor has a 24-hour voice mail as well as e-mail allowing the parent/guardian to report the absence at his/her convenience.
2. Should a student(s) not be riding the bus for an extended time, the parent/guardian should notify the bus contractor the days the student(s) will not be using the bus service.

Disciplinary Procedures

When a student fails to conduct him/herself properly, the bus company representative shall bring such misconduct to the attention of the building administrator. Regular school disciplinary procedures are followed for bus infractions. Where continuing or serious problems exist, a student's bus riding privileges may be suspended.

CONFERENCES

Two parent teacher conferences will be held throughout the school year with each student's parents or guardians. One of those conferences will be in the fall and the other will be in the spring. Report cards are made available on Infinite Campus at the conclusion of each semester. Parents may request a conference with their child's teacher at any time. Teachers may also ask parents to confer with them. This is an excellent way to enhance communication between family and school.

CONFIDENTIALITY

Every family has the right to its privacy being respected and enforced. The district and all visitors help maintain privacy in the following manner:

- Student records will not be left out for others to view;
- Parents and staff are not allowed to discuss children and families with other parents;
- Staff will not discuss children and families with other staff unless there is a direct benefit to the family or child involved; and
- Parents are asked not to talk about incidents observed in the classroom or at any other activities that involve children other than their own.

DRESS CODE

Research suggests a close relationship between dress and student attitude and behavior at school. We believe that school is like the students' job and that clothing should fit the occasion and not interfere with other students' education. The limits that are imposed relate to health, safety, cleanliness, distraction, or indecency, as well as the developmental level of our students. The WIS dress code includes the following:

- Wearing clothing, jewelry, or other accessories with profanity, lewd, vulgar or suggestive writing, symbols, or pictures, as well as any other clothing or attire that may create a disruptive, unhealthy, or unsafe learning atmosphere is not allowed. These include, but are not limited to, clothes with references to alcohol, tobacco/cigarettes, drugs, drug paraphernalia, violence, profanity, and sexual activity, sexual innuendo, and sexual body parts, or clothing that could be easily interpreted to imply such items or activities.
- Shoes must be worn in and around the school building. Bedroom slippers are not allowed except on school-sanctioned dress up days.
- Students may not wear open-back shirts, halter-tops, or strapless shirts. Shirts must have two straps.
- A student's undergarments should not show at any time. (i.e. boxers, underwear, bra straps, see-through blouses on girls, etc.).
- Students also may not wear very short mini-skirts, dresses or shorts. For skirts and dresses specifically, when a student stands with hands straight at the sides, the bottom of the skirt or dress must hang below the fingertips. Hats and hoods may not be worn in school.
- The visible display of bandanas is not allowed.
- Students may not wear chains or objects with sharp points in school.
- Outside coats may not be worn in classrooms or the lunch line.

Students violating this section may be subject to request to change clothing and parent conference.

Winter dress for playground

The playground area behind Waubesa Intermediate School is quite open and therefore very windy. This can make it feel cold when students are outside for recess or before school. Help your child(ren) to enjoy recess time by providing them with appropriate winter clothing. Please help us keep your child(ren) safe, warm, comfortable and dry by sending them to school dressed in the following outerwear:

- *Boots are required outdoor wear during the snowy winter months. Boots should be at least high enough to cover the ankle. Boots provide warmth, traction on ice and snow and have the ability to keep your child's feet dry. The common sense approach will be used to monitor wearing boots. We will require students who do not have boots to stay on the blacktop if clear of snow and ask students to stand by the wall if the blacktop is snow covered.
- *Hats or earmuffs are required winter wear. They should cover the ears to prevent frostbite. Seventy percent of a person's heat loss is from the head, so hats are essential for conserving warmth.
- *Mittens or gloves are required. Mittens which provide water resistance are preferred, especially when children play in the snow. Dry hands are warm hands! Wet hands are very cold!
- *Snowpants are required for any student who wishes to leave the blacktop and play actively in the snow. Those who do not have snow pants are not able to play actively in the snow.

DRUG-FREE SCHOOLS

Alcohol and other drug use is prohibited at McFarland School District functions including, but not limited to:

- Classroom activities & field trips;
- Home visits with home visitors or other staff; and
- Family Outreach programs and activities.

Alcohol and other drug use by adults prior to school functions is strongly discouraged. Any behavior exhibited at programs or activities that suggest abuse of alcohol or other drugs will result in that person

being asked to leave. All school district and 4K program locations are smoke free environments per state statutes that disallow smoking in public school buildings or on grounds or facilities housing public school programs. A smoke free environment is also required at functions, which include, but are not limited to Family Outreach programs, field trips, or on the playgrounds. Parents are not required to abide by the Smoke Free Policy during home visits in their own homes. However, parents are encouraged not to smoke during these home visits. For further information please refer to Board Policies 7434 and 9160.

DUE PROCESS

Every student has the right to due process in the application of school rules and regulations. Any student directly affected by a decision which is felt to be wrongfully interpreted or applied, may individually put such grievance in writing and submit it to the teacher and/or involved. Any grievance not filed within five (5) days after the occurrence of the incident is waived. Upon request, a meeting will be set within seven (7) days by the principal to hear and discuss the grievance.

EMERGENCY WEATHER INFORMATION

In the case of dangerous weather conditions, the decision to close schools is made by the District Administrator. All Madison radio and television stations receive notification of a decision to close schools in time for the 6:30 a.m. broadcast if possible. *If there is a question as to whether school will be closed, parents should listen to local media instead of calling the school office.*

If a tornado or other storm threatens our area during the school day, students will be kept at school in the safest area of the building until the “all clear” message is sounded by Dane County emergency government officials.

Once the school day is in session, schools are almost never dismissed prematurely. However, if schools are closed during the day all radio and television stations will be alerted to broadcast accurate information about the closing.

If the parent elects to keep a child home during inclement weather, the absence is excused upon receipt of a note from the parent or guardian when the child returns to school.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT

The Family Educational Rights and Privacy Act of 1974, as amended (otherwise known as FERPA), sets forth requirements regarding the privacy of student records. FERPA governs release of records maintained by a school district as well as access to those records. This notice explains the rights of adult students and their parents with respect to their educational records, and outlines the district’s procedures to comply with FERPA. Parents have the right to:

1. Inspect and review the student’s educational records. Requests to inspect records should be directed to the building administrator.
2. Seek amendment of the student’s educational records that the parent or adult student believes to be inaccurate, misleading, or otherwise in violation of the student’s privacy rights. Requests to amend should be directed to the building administrator.
3. Consent to disclosures of personally identifiable information contained in student educational records, except to the extent that FERPA and state law authorize such disclosure without consent. The District maintains the right to disclose educational records to other school officials, including teachers within the school district who have determined to have legitimate educational interests in the records. School officials are certified staff and have a legitimate educational interest if the record information sought will, if disclosed, assist the official in providing education or other related services to the student.
4. File a complaint with the Family Policy Compliance Office of the United States Department of Education alleging that the district is not in compliance with FERPA requirements. The address of this office is:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, S.W.
Washington, D.C.

FEEES

A student fee schedule is in effect for all students in the McFarland School District, and varies based on the courses and activities in which the student is involved. Student fees for the school year are due on September 30. Students will not be denied participation in educational programs for failure to pay fees. A student will no longer be eligible to participate in an elective educational opportunity or non-educational activity for which payment of charges is necessary until such time as the payment has been made. Unpaid student fees accumulate from one year to another. A student is not eligible to participate in any secondary co-curricular activity until fees are paid, a payment plan is established, or the fees are waived or reduced. Once the level of fees reaches \$500 per family, the district retains the option of seeking payment through small claims court or through a collection agency.

Fee Waivers

Families who are not able to pay all or a portion of the fees due to financial issues must follow the following procedure:

The Principal will automatically waive the required student fees for those students who qualify for free or reduced meals as verified through the following steps:

- a. The Parent/Guardian completes the "Free and Reduced Meals Application," which can be found on the district website and is available in all of the district buildings, and turn it into the school office.
 - b. The Parent/Guardian signs the "Sharing of Information with Other Programs" document, which can also be found on the district website and is available in all of the district and school buildings. Please be sure to check the second line stating, "Yes! I do want school officials to share information from my Free and Reduced Meals Application to the McFarland School District Administration for purposes of school fees, text book fees, and field trip fee waiver or reduction." Please turn this form into the school office.
1. Parents/Guardians who do not qualify for Free or Reduced Meals may contact the Principal to request a fee waiver. The Principal may choose to grant a fee waiver based on the specific situation and any extenuating circumstances.

FIELD TRIPS

Throughout the school year students are provided with opportunities to extend their learning outside of the classroom through "field trips." These trips are essential to the educational program and all students are expected to take part in them. Parental permission is required for students to take part in field trip activities. A fee is typically charged for these activities; however, families who have difficulty paying these fees should contact their child's School Counselor or Principal to request a reduced or waived fee. Students are expected to follow all school rules while on field trips. (For further information please see McFarland School District Board Policies 2340 and 8640).

FOOD SERVICE PROGRAM/SCHOOL NUTRITION Program

To make a deposit to your school lunch account go to <http://www.mcfarland.k12.wi.us> and find School Nutrition under the Families tab.

Waubesa is pleased to offer our students breakfast and lunch at school. Breakfast is served each morning from 7:15 until 7:55 in the cafeteria. For lunch, students who do not choose to purchase a lunch at school may bring a lunch from home and purchase milk at school. We do not allow soda and beverages containing caffeine to be consumed at school. Cold water is available to students throughout the day.

There is a debit system for purchasing school lunches. Students use their Student Identification Cards to purchase lunch. Deposits may be made at any time by calling the number above or going to the website listed. Note that parents/guardians must have the student's name and ID number to make a deposit. Students are notified when their account is low. Students with accounts with large negative balances will not be allowed to purchase a lunch, but are given the option of having a cheese sandwich and milk. Free/Reduced-price meals are available to students who qualify. Applications are available in the office. Questions regarding the Food Service Program may be directed to the District Office (838-4521).

Food Allergy and Classroom Snacks

Health Services is committed to the daily management of students with identified life threatening food allergies. The increase of these allergies in the school setting poses unique challenges for both students and staff. Our goal is to avoid and prevent accidental exposure for those students to the allergenic food substance. Therefore, all classrooms at Conrad Elvehjem Early Learning Center, the McFarland Primary School, Waubesa Intermediate School, and Indian Mound Middle school will be observing a nut free environment (peanuts, almonds, Brazil nuts, cashews, hazelnuts, macadamia nuts, pecans, pine nuts, pistachios, and walnuts) and some homerooms may have other food restrictions. This does not apply to the lunchroom setting. Please visit the website snacksafely.com for a link to a safe snack guide.

FUNDRAISING

Student fund-raising is permitted by students in school, on school property, or at any school-sponsored event only when the profit is used for school purposes or for an activity connected with the schools. School-sponsored organizations must obtain permission from the building principal or designee before undertaking any project requiring fundraising. Considerations include the extent to which the fundraising activities disrupt the normal operation of the school. Students under the age of twelve (12) shall be permitted to participate in fundraising activities provided written approval has been obtained from the student's parent/guardian. Students under the age of nine (9) or each group containing one (1) or more students under the age of nine (9) must be physically accompanied by a parent or a person at least sixteen (16) years of age when working in a fundraising activity. Students violating this section will be subject, but not limited to having the funds confiscated and returned to original donors whenever possible. If donors cannot be identified, monies shall be turned over to the McFarland School Board. For further information please refer to Board Policy 5830.

HARASSMENT

Student harassment is behavior toward someone based, in whole or in part, on sex, race, national origin, ancestry, color, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional, learning disability or handicap which substantially interferes with a student's school performance or creates an intimidating, hostile, or offensive school environment. Sexual harassment is any unwanted attention of a sexual nature in the school environment. It can be verbal, non-verbal, and/or physical. It can be blatant or subtle. Sexual harassment can come about due to conscious intent, or as a result of ingrained, improper patterns of behavior.

Students do NOT have to tolerate being a victim of harassment. The most effective way of dealing with the problem is immediate, direct, and assertive action by the victim. If students do NOT like what is being said or done, make it clear to the person that their behavior is offensive and unwelcome. Tell him/her you do not like it, that you do not want to hear it, and to stop it. If this is uncomfortable for you, or if the harassing behavior continues, you are encouraged to report the discrimination to the principal or guidance counselor, or file a formal written complaint with one of the administrative staff, a guidance counselor, or the Director of Integrated Student Services.

Sexual harassment of any person by any person while on district property is absolutely prohibited and will not be tolerated. Students violating this section may be subject to, but not limited to:

- Parent notification
- Referral to other district personnel
- Referral to police department
- Suspension

Special placement
Expulsion

For further information please see McFarland School District Board Policies 5517.01 “Bullying,” and 5517 “Student Anti-Harassment,” which are included in the appendices.

HEALTH SERVICES

A school nurse, nurse’s assistant, or a capable administrative assistant is available daily during school hours. If a student needs to come to the Health Office, s/he should check first with his/her teacher for a pass to the office. In the case of a more serious illness or injury at school, parents/guardians will be called to pick up the student. With few exceptions, students who are at school are expected to participate fully in school activities. Health Services will perform annual vision screening on all fifth grade students. Parents/guardians will be notified if further evaluation is needed. If a child is excluded from school for a contagious health problem, a note should be sent upon the child’s return indicating that treatment was given.

Accidents at School

Where there has been a student accident, every attempt will be made to locate a parent or contact person designated by a parent or guardian. This will be done if the accident is serious and may require medical attention, but it is often done just to inform parents of a lesser accident. It is important that we have current information at all times on our Student Information System. Please contact us if this information changes throughout the school year.

Blood Borne Pathogen/Communicable Disease

McFarland school staff members are trained annually on measures of prevention for Blood Borne Pathogen exposures that may occur amongst students/staff, along with the associated policies/procedures on communicable disease transmission. Students who are involved in an incident where potential exposure to a blood borne pathogen occurred, should report (or be directed) immediately to Health Services for first aid, parent notification, and a medical evaluation recommendation. Supervising staff are responsible to complete a report within 24 hours of the incident. For further information, please refer to Board Policy 8453.

Immunizations

Please be sure your child is current with all their immunizations. Simply refer to the Wisconsin Department of Health Services website <http://dhs.wisconsin.gov/immunization/index.htm> to be sure all requirements are being met. To help parents fulfill their child’s immunization requirements, Dane County offers free immunization clinics. Immunizations for DPT, Mumps, Measles, Rubella, Polio, Hepatitis B and Varicella are given. Bring your child’s immunization records with you when you come to the clinic. Please call **242-6520** for time and location of clinics.

Medication: Consent Forms and physician’s orders may be faxed to Waubesa at 838-4613

Designated school personnel may administer prescription and over-the-counter medication upon receipt of written instructions and the consent of the parents/guardians (refer to Board Policy 5330). Prescription medications are kept in a locked cabinet in the office. A physician’s order is required for the administration of prescription drugs. Please note:

- Medication to be given in school must be sent in the original container and be properly labeled with the following information:
 - Student’s full name on the container
 - Name of drug and dosage to be given
 - Time medication is to be given
 - Physician’s name and phone number (prescription medication only)
- Students will take medication at designated time supervised by authorized school personnel.
- A daily record is kept of all medication given at school.
- Limited quantities of any medication should be kept at school.
- Parents must notify school when drug is discontinued and the dosage or time is changed. If the medication is resumed, a new order must be received.

- Consent forms must be renewed each year for pupils who take medication on a long-term basis.
- Parents/Guardians will be notified immediately if there are any concerns or if the student refuses to take the prescribed medication.
- All remaining medication must be picked up by a parent/guardian at the end of the school year, or it will be discarded.
- Students who bring medication to school (prescription or over-the-counter) should promptly report to the school nurse or office personnel for instructions.

Questions about medications may be addressed to the nursing staff at 838-7667 ext. 5454.

Medical Insurance

The McFarland School District does not carry student medical insurance. Parents are, therefore, responsible for medical expenses for pupils injured on school premises. The school district offers information regarding optional medical insurance to those families who would like to purchase insurance. Even with the best safety precautions, there is an element of risk to children during normal school activities such as recess and physical education. Parents are encouraged to consider the adequacy of their medical insurance.

HOMEWORK

Assigning homework is the responsibility of each classroom teacher and will vary with the teacher. Third grade students should expect an average of 30 minutes of homework nightly, fourth graders should expect 40 minutes nightly, and fifth graders should expect 50 minutes nightly. If parents/guardians feel their child is getting too much homework (or not enough) in a specific class, we recommend that you contact the teacher as soon as possible. It is always a good idea to discuss schoolwork and homework at home. For students who were absent, they are encouraged to connect with their teachers the first day back from the absence to collect any work that was missed. Parents may also contact the school by 8:30 am and request homework to pick up at the end of the day.

Homework: The Importance of Reading (Anything!)

Whether or not your child has formal homework, we strongly suggest that you have books, magazines, comic books, and/or newspapers available at home (at your child's reading level) – and that you encourage him or her to read (anything) for even 20 minutes each night. Research is very clear that the more children read (at their readability level), the better readers they become. This could include reading with or to you, or reading and talking with you about what they have read. For more ways to enhance your child's reading ability and motivation, please contact our Reading Coordinator, Sandra Taylor-Marshall at MarshaS@mcfds.org.

HUMAN GROWTH AND DEVELOPMENT

The Board, administration, and staff of the School District of McFarland believe that human growth and development curriculum and instruction are community efforts and an important part of our comprehensive school health program. Our shared goals are to promote an accurate and comprehensive knowledge-base in human growth and development; support responsible decision-making; and enhance the efforts of families, community members, and the schools to provide age-appropriate guidance to our young people.

Inspection and Opt-Out Information

The complete curriculum guide with a listing of topics covered at each grade level is located on the district website under the parent tab. Parent(s)/guardian(s) may inspect the accompanying instructional materials by contacting the appropriate school administrator(s).

By statute, no student is required to receive instruction in human growth and development or in the specific related subjects. A *Student Waiver Form* is available at Waubesa Intermediate School if you choose to opt out.

LIBRARY MEDIA CENTER

Everyday is library day at Waubesa! Students are encouraged to check out and return materials on an as needed basis. In addition, we offer 24 hour access to digital resources through links on our library website.

Students may come to the library before and after school without a pass. During class time and lunch, a pass from a staff member is required. Students may check out five materials at a time for a 2-week period and may be renewed as needed. Additional materials may be checked out for class assignments. Materials must be returned in the same condition as when they were checked out. Overdue fines are NOT charged, but fees are charged for lost or damaged materials. Payment for a lost item is reimbursed should the book be found and returned in good condition. Unpaid fees will transfer to the next school year and library privileges may be modified until fees are cleared. Any items checked out at the time a student withdraws from school must be returned or paid for upon withdrawal.

LOST AND FOUND

The WIS Lost and Found is located just outside the commons/cafeteria. Please take some time whenever you visit, to look through the lost and found for any of your missing items. At various times during the year, we donate our lost and found items to charity. We will post a date for this donation in our *4K – 5 Elementary Express Newsletter*.

LUNCH

Children have the following options when eating lunch at school:

- (1) They may eat hot lunch *every day*.
- (2) They may eat hot lunch on *selected days*.
- (3) They may select a peanut butter & jelly sandwich, a Spartan lunch which includes a turkey sandwich or yogurt & cheese in place of the main hot lunch entree.
- (4) They may bring a sack lunch to school. Milk may be purchased.

Breakfast is served every morning in the cafeteria from 7:15 a.m. – 8:00 a.m. This option is available on a daily basis with many different breakfast items to choose from.

Payment for hot lunch and/or milk may be done by sending a check or cash with your child to be brought to the front office. Parents may also choose to use your Infinite Campus parent portal to deposit money in the student's lunch account.

PARENT INVOLVEMENT

Parents play a major role in influencing their child's success in school. Study after study has shown that children whose parents are involved in their education are the children who are most likely to have successful experiences at school. In McFarland, there are a number of ways in which parents may participate in their children's educational experience, from K-12.

In addition the parent organization described below, many parents share their talents and interests by assisting teachers with classroom projects and activities. Other parents provide leadership for school enrichment programs to enhance the ongoing curriculum. The Board of Education or School Superintendent also form occasional task forces and/or committees to advise the District on specific issues.

Once again, research has shown that children whose parents are involved with the school in a *positive* way are more likely to achieve and to feel good about their school experience. McFarland Schools encourage parents to become involved in their children's education.

PARENT ORGANIZATION

The McFarland Parent Teacher Organization (PTO) is an organization for the parents and teachers of students from Early Childhood through grade eight.

Established Goals:

- (1) Clearinghouse for parent's concerns
- (2) Sponsor for special enrichment programs for children
- (3) Provider of special programs for parents (parent education)
- (4) A place to discuss concerns/issues with administrators

Meetings: Meetings are held at Waubesa Intermediate School several times throughout the school year. All

meeting dates will be posted on our website and included in our monthly newsletter. Although we encourage attendance at the PTO meetings, we also realize that people are busy and family time is at a premium. It is, therefore, our goal to keep all parents as informed as possible via the website and school newsletter.

PTO provides childcare at Waubesa Intermediate School during the meetings.

PHONES

Students are permitted to use the telephone in the school office **ONLY** for school-related needs. In case of an emergency, a school staff member will call a parent or guardian. We expect parents to make arrangements in advance for after-school activities. Emergency or last-minute messages to students should be called in to the office at least one-half hour before school is dismissed. Teachers will not be called to the phone during class time unless an emergency exists. Teachers can be contacted during the day by leaving your name and number with the school secretary or by leaving a message on the individual teacher's voice mail. The best time to contact a teacher is between 7:30-7:50 AM or 3:00-3:30 PM.

PROGRAM OR CURRICULAR MODIFICATION AND ACCOMMODATIONS

Parents have the right to inspect instructional materials (refer to Board Policies 9130 and 2416) and request program modifications (refer to Board Policy 2240). If either the class content or activities conflict with a parent or student's religious beliefs or value system, the school will honor a written request for your child to be excused from particular classes. Please complete and sign the Student Waiver Form included in the appendices. Parents who request that their child not participate in a statewide test should complete and sign the State Testing Opt out form included in the appendix.

A person with questions or concerns about specific learning resources that cannot be satisfied at the school level may complete a "Request for Re-consideration of Learning Materials" form and submit it to the Director of Instructional Services. Upon receipt of a signed form, the Director of Instructional Services shall contact the person to discuss the issue. If necessary, an ad hoc committee of teachers, administrators, and citizens may be convened to consider this request. The committee shall read or view the challenged material in its entirety, and then re-evaluate the material. The committee shall make a recommendation to the Director of Instructional Services concerning the disposition of the issue and the medium in question. The Director of Instructional Services shall inform the person who submitted the review request concerning the issue. An appeal may be made to the District Administrator. The decision of the District Administrator is final.

PROMOTION POLICY

The School District of McFarland sets high expectations for our students to show respect for their abilities, to guide their learning outcomes, and to encourage them to be successful students and happy, productive adults. The District supports specific strategies and interventions as preferred methods for addressing individual student learning needs rather than grade retention.

Promotion/retention determinations are based on multiple criteria. Significant factors include students' Wisconsin Student Assessment System (WSAS) scores, district and classroom assessments, grades, attendance, and teacher recommendations. School Board Policy 5410 includes the requirements for promotion as well as the processes through which the schools communicate with families and make decisions about promotion.

If a student does not meet the expectations for promotion, s/he will be expected to successfully complete alternate instruction, as determined/approved by the Principal and Director of Instruction to be eligible for promotion.

SAFETY

The School District of McFarland is committed to ensuring the safety of all members of our school community. Some of the most essential elements of this commitment include:

Drills

Students and staff practice how to respond in an emergency situation during fire drills, severe weather/tornado drills, and intruder drills. Other drills and safety exercises may occur throughout the year.

Emergencies

What is an emergency?

An emergency is any unexpected incident that could possibly put your child's safety at risk. It could be anything from a disruption in utilities to an act of violence and could affect one child, one school, or the entire school district. School officials, and sometimes emergency responders, will evaluate the seriousness of each situation and determine the best action to respond quickly, safely and appropriately. Advanced planning and preparation can minimize the risks in any emergency situation. This information that follows offers guidelines for preparedness, what parents should do, and what the school will do in the event of an emergency. Communication procedures and student release procedures are also outlined.

What will the school do in the event of an emergency?

What we do in an emergency depends on the situation and the specifics of the incident. We will make every attempt to ensure that instruction continues, even when it becomes necessary to place the school in a hold or lock down the school. Depending on the severity of the threat or emergency, additional measures may be taken, including sheltering-in-place, evacuating students from the building or closing the school. Each building has a procedure for supporting students with special needs to insure the physical safety of students in the event of an emergency. While every school has pre-established plans of action, evacuation sites, and family reunification plans, these plans must remain flexible as conditions change. Parents will be informed as soon as we have done everything we can to ensure the safety of students and when it becomes possible to provide accurate and helpful information.

Each school has an emergency preparedness plan involving a number of possible response actions. The response varies, depending on the conditions and the situation, and is determined by a situation response (crisis management) team trained to make such decisions. It is important for parents to understand that if a critical incident occurs, students will be dismissed to parents only when danger has passed and it has been deemed safe to release students. The length of time a school remains in a response action is based on the situation at hand, and could be a few minutes or hours. *It is possible that when a response action has been initiated at a school, it may involve keeping students beyond the regular school day. It is never our intention to hold students unnecessarily, and we will not do so except to ensure their safety.*

Emergency Communications - How will parents be notified if an incident occurs at school?

Our first priority is to ensure all students are safe, accounted for, and under adult supervision. As soon as it is possible to do so, the School District of McFarland will communicate information to parents and the community. The school district has a variety of media available to parents that will be updated, as needed, with the most complete and accurate information available.

1. School Messenger (phone and text messaging)
2. School District of McFarland Website (www.mcfarland.k12.wi.us)
3. School District of McFarland Main Phone Number (838-4500)

In the event of a significant emergency, parents are encouraged to tune in to one of the following local television stations or their websites to follow the event as it unfolds:

Channel 3 - WISC (CBS); <http://www.channel3000.com>

Channel 15 - WMTV (NBC); <http://www.nbc15.com>

Channel 27 - WKOW (ABC); <http://wkow.com>

Channel 47 - WMSN (FOX)

What should parents do in the event of an emergency?

The most helpful parental responses to a school emergency are to remain calm and wait for accurate information to be sent to the number listed on your child's emergency contact.

- *Please do not call the school. It is essential to keep phone lines open so school officials can make outgoing emergency calls.*

- Please do not go to the school or scene of the crisis/emergency. By doing so, parents can inadvertently create traffic jams that may block emergency responders from getting to the scene or leaving if necessary to transport injured staff or students to emergency medical facilities.
- Remain close to the phone listed as on the student enrollment form you submitted at the beginning of the school year.
- Tune in to television designated to carry MSD emergency information. See “Emergency Communications” section below.
- Understand that emergency pickup procedures are different than routine pickup procedures. In the event you are notified to pick up your child at school or at the designated family_reunification* site, bring a photo identification card.

Off-Site Family Reunification - Students are moved off-site when school officials determine students and staff should not re-enter the building until it is rendered safe. Several off-site locations are determined in advance, but are not shared with parents until an incident unfolds. School officials will choose the best reunification site at the time of the incident depending on the circumstances of the emergency. Parents will be notified of the family reunification site as soon as it is tactically appropriate to do so. Our main priorities in an off-site evacuation are student safety and accountability. We want to make sure students are released to authorized individuals and a sign-out procedure will be initiated. In the event of an off-site school evacuation, parents will be provided information as to where the reunification site is located. Parents or authorized adults will be required to show photo identification in order to pick up a child. The process may take some time because we want to make ensure reunification is made with authorized individuals.

Preparedness - What should parents do to prepare for an emergency?

Parents have an invaluable role in preparing themselves and their children for emergencies. Listed below are some of the ways you can help if an emergency occurs at school.

- Whenever you are on school grounds, remain alert to activity in and around the school. Report any suspicious activity to school administration so they can investigate.
- Be sure *emergency contact information* is current and correct. If an e-mail address, work, home or cell phone number changes, please update it immediately in the Campus Portal. If you are unable to do so, then contact the school office.
- *Identify who is authorized to pick up your child if you are not able to respond.* Make sure their contact information is current and correct. Please understand your child will only be released to parents and persons identified on the emergency contact list. *Discuss this information with your child.*
- Make sure your child knows their parent or guardian’s *name, address and phone numbers.* If there is only one parent or guardian, your child should have contact information for a second responsible adult.
- In case of an emergency in which your child cannot go to their home, make sure there is another place he or she can go and be safe while waiting for an authorized family member to pick them up.
- Establish a family preparedness plan including a *communications plan.* This will enable you to communicate with all family members during an emergency.
- Talk with your child about the importance of remaining calm and following instructions in the event of an emergency. If an emergency occurs while they are at school, their teacher will provide them with appropriate instructions and information.
- Let your child know they could be moved to another location until you can pick them up. *Explain the term “evacuation”* so they are not afraid of being evacuated from their school
- Explain that cell phones should not be used during an emergency unless directed to do so by a teacher. Emergency responders will depend on cell phones for communication. If students and parents are trying to contact each other, cell phone circuits may become overloaded, interfering with the ability of emergency personnel to communicate vital information.
- Keep the school nurse informed of any *medical conditions or physical limitations* your child may have or medications your child may be taking.

Recovery after a crisis

The school officials understand that a traumatic event in a school or in the community can have an emotional impact on staff and students. MSD has a trained team of counselors, social workers, and psychologists who can respond to the school during and after a critical incident to provide assistance. If there is a chance a critical incident makes an emotional impact upon staff or students, the MSD student services intervention team helps those affected cope with the aftermath of the incident.

Secure Entry

All visitors must enter the building through the main entrance ("A doors"). During the school day the doors to the main office and to the school are locked. Visitors press a buzzer to alert the office staff of their presence. After stating their name and purpose for visiting, the visitor is either buzzed into the office or directed to leave the school grounds. All visitors who are buzzed into the office will show an approved form of identification, sign in providing their name, purpose for visiting, and the time, and will receive a visitor pass. The office staff will verify the purpose of their visit with other staff members as appropriate and ensure the visitor arrives at the correct destination.

All buildings in the McFarland school district including the high school are closed campus. Students may not leave school without prior permission and are required to check-in at the main office when they return during the school day.

Surveillance

Video surveillance/electronic monitoring equipment is used in each facility. Students, staff, and visitors should be aware that their actions/behavior may be monitored and recorded through the use of these devices.

SCHOOL RESOURCE OFFICER

To leave a message for our School Resource Officer, call 838-4720

The School District of McFarland is fortunate to have a School Resource Officer to work with our students and staff throughout the district. The School Resource Officer is a member of the McFarland Police Department and is paid equally by the school district and police department. If the Principal believes that a student situation would benefit from the involvement of the School Resource Officer, the officer is called. Either the administrator or the School Resource Officer will contact the parent/guardian if a student is interviewed in relation to that student's involvement in illegal and/or inappropriate conduct. All interviews, interrogations, or questioning of students at school will be made with full regard to fundamental fairness and protection of legal rights. A school representative may be present unless the student requests otherwise. Child abuse and neglect investigations are governed by Wisconsin Statutes.

STUDENT RECORDS

Student records shall be maintained in the interest of the student to assist school personnel in providing appropriate educational experiences for each student in the District. The Board of Education recognizes the need for confidentiality of student records. Therefore, the District shall maintain the confidentiality of student records at collection, storage, disclosure and destruction. Student records shall be available for inspection or release only with prior approval of the parent/guardian or adult student, except in situations where legal requirements specify release of records without such prior approval. Building Principals shall have primary responsibility for the collection, maintenance and dissemination of student records in accordance with state and federal laws and established District guidelines.

The McFarland School Board designates the following information as student "directory information": a student's name; address; telephone number; date and place of birth; major field of study; participation in officially-recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; or awards received. Parents and eligible students may refuse to allow the Board to disclose any or all of such "directory information" upon written notification to the Board within fourteen (14) days after receipt of the District Administrator's annual public notice. Parents and eligible students also have the right to:

1. Inspect, review, and obtain copies of student records

2. Request the amendment of the student's school records if they believe the records are inaccurate or misleading
3. Consent to the disclosure of the student's school records, except to the extent State and Federal law authorizes disclosure without consent
4. File a complaint with the Family Policy Compliance Office of the U.S. Department of Education

For further information please refer to Board Policy 8330.

- Clarifying concerns about students in regular education.
- Meeting with parents, teachers and other support personnel about student needs.
- Coordinating the efforts of school staff in meeting student needs.

For questions concerning CARE Team, contact Jessica Callaway at 838-7667 extension 5447.

SUPERVISION

END OF THE SCHOOL DAY

Students are expected to leave the building immediately after they are finished with their school responsibilities and activities. Students that are not participating in after school activities are expected to leave the school property by 3:10 p.m. Students are not allowed to wander the halls or loiter unsupervised anywhere in or around the school.

PLAYGROUND

Children go outside for recess in dry weather and when the combined temperature and chill factor is 0 or above. During the winter months, children are expected to wear boots outside for recess. Playground supervision is provided from 7:30 AM until 7:52 AM. Playground supervision is also provided during the class recess time and over the lunch periods. Students should go home immediately upon dismissal except

where special activities under teacher supervision are conducted after school. If parents grant their children permission to use the unsupervised playground before or after school, they do so at their own risk.

Personal Electronic Devices

Cell phones, personal stereos, MP3 players, hand-held game players, and other sound devices must be turned off and remain in a student's backpack while on school grounds unless the device is being used for educational purposes that are pre-approved by the Principal or designee. If a student is found to be in possession of one of these devices, the device will be confiscated and taken to the office where it may be retrieved by the student's parent/guardian. The school is not responsible for lost, stolen, or damaged items. Students are not permitted to possess digital cameras and recording devices and the use of cell phones for pictures and for recording purposes on school grounds at any time unless pre-approved by the Principal or designee. Students are not permitted to possess laser pointers at school. If these items are observed at school, they will be confiscated and will need to be picked up by the student's parent/guardian. Depending upon the circumstances, other consequences may be given. The school is not responsible for lost, stolen, or damaged items. Please see Board Policies 5136 and 9151 for more information.

TITLE I

Title I is a federal program that provides funds to support a variety of services to school districts and schools with high numbers or high percentages of children who are disadvantaged. The overall purpose of this program is to ensure that all children have a fair, equal, and significant opportunity to obtain a high-quality education and reach, at a minimum, proficiency on challenging state academic achievement standards and assessments. Title I funds must be used to improve the academic achievement of identified Title I students. Students must be identified based on multiple, objective, educationally related criteria. Title I supplemental services may be delivered in a number of ways, i.e., in-class instruction; pull-out instruction; and/or extended day, week, or year instruction.

Early in each school year, the McFarland School District learns whether we qualify for these funds. As a part of Title 1 funding requirements, parents may request information, at any time, regarding the qualifications of their child's classroom teacher and paraprofessionals providing support to their child.

TRAFFIC SAFETY

DROP OFF AND PICK UP OF STUDENTS

We are fortunate at Waubesa to have two parking lots. Please use the drive-thru parking lot off of Red Oak Trail for all dropping off and picking up of students. This parking lot was designed to be a safe drive -thru pick up and drop off site directly in front of school. **Please do not use the LeAnn Lane parking lot for drive-thru drop-off or pick-up of students.** The Leanne Lane parking lot is for buses, daycare vans, and all those who need to park and enter the school with their student(s). We strive to make the parking lots as safe as possible and really appreciate your help in doing so. Please call the office if there are any questions.

VISITORS

Parents/Guardians and McFarland community members are always welcome to stop by Waubesa Intermediate School and observe us in action. In order to ensure the safety of our students and staff, all visitors must enter the building through the main entrance ("A doors"). Visitors press a buzzer to alert the office staff of their presence. The visitor is either buzzed into the office or directed to leave the school grounds. All visitors who are buzzed into the office will show an approved form of identification, sign in providing their name, purpose for visiting, and the time, and will receive a visitor pass. The office staff will verify the purpose of their visit with other staff members as appropriate and ensure the visitor arrives at the correct destination. At the end of the visit, visitors will return to the office to sign out.

VOLUNTEERS

We are happy to welcome parents/guardians and other community members who wish to invest some time in our great students. Interested individuals may obtain a Volunteer Handbook and Classroom Volunteer Disclosure Form from the office or access it online during the online registration process each August. You may complete the application form online in August or complete it and turn it in at the school office anytime. A background check is required for all individuals who will have access to students in the course of their volunteer work.

A weapon is defined as a firearm (loaded or unloaded), knife, razor, martial arts devices, pepper spray, Mace, explosives, illegal or disruptive articles or missiles (including firecrackers), any incendiary device or look alike that by its design and/or use can cause bodily injury or property damage. WELLNESS

McFarland School District is committed to providing school environments that promote and protect children's health, well-being, and ability to learn by supporting and implementing sound nutrition and physical activity programs. The McFarland School District Board Policy 8510— "Wellness" -outlines nutrition education, physical activity, school based activities, and staff wellness. Some highlights from this policy include:

- Classroom Education: Health and physical education lessons reinforce the knowledge and self-management skills necessary to maintain a physically active lifestyle. Healthy living skills are

taught as part of the regular instructional program for all students to understand and practice concepts and skills related to health promotion and disease prevention.

- Physical Education: The program is designed to encourage equality of participation and promote the student's sense of responsibility for lifelong physical fitness and wellness. The physical education curriculum provides age appropriate activities that contribute to the overall physical, social, and emotional growth of each individual.
- Physical Activity: Students are given opportunities for physical activity during the school day through regular physical education classes, a daily lunch recess period, and the integration of physical activity into the academic curriculum. In addition, the district provides opportunities for physical activity before and after school such as interscholastic sports and other activity clubs.
- Eating at school: Schools in the district offer varied and nutritious food choices that are consistent with healthy eating habits. Lunch is scheduled as near to the middle of the day as possible. Sales of candy are not permitted on school grounds. Staff members evaluate the use of food for rewards and are encouraged to identify other options for praise.

Snacks

At Waubesa School each teacher allows a snack break during the school day. Students may pay for a school milk or drink water. It is our expectation that the snacks each student brings to school will be healthy. Please refrain from sending chips, cookies and candy for this snack break.

APPENDICES

5517.01 - BULLYING

The School Board is committed to providing a safe, positive, productive, and nurturing educational environment for all of its students. The Board encourages the promotion of positive interpersonal relations between members of the school community. Bullying toward a student, whether by other students, staff, or third parties is strictly prohibited and will not be tolerated. This prohibition includes physical, verbal, and psychological abuse. The Board will not tolerate any gestures, comments, threats, or actions which cause or threaten to cause bodily harm or personal degradation. This policy applies to all activities in the District, including activities on school property, including at any of the school buildings or other property used exclusively or in part, whether leased or owned by the District, for the purpose of school-related functions or events; or while traveling to or from school or to and from school-sponsored functions or events; in transporting vehicles arranged for by School District officials. The policy applies as well during activities that occur off school property if the student or staff member is at any school-sponsored, school-approved or school-related activity or function, such as field trips or athletic events where students are under the supervision of school authorities, or where a staff member is engaged in school business.

Bullying is deliberate or intentional behavior using word or actions, intended to cause fear, intimidation, or harm. Bullying may be a repeated behavior and involves an imbalance of power. Furthermore, it may be serious enough to negatively impact a student's educational, physical, or emotional well being. The behavior may be motivated by an actual or perceived distinguishing characteristic, such as, but not limited to: age; national origin; race; ethnicity; religion; gender; gender identity; sexual orientation; physical attributes; physical or mental ability or disability; and social, economic, or family status; however this type of bullying behavior need not be based on any of the legally protected characteristics. It includes, but is not necessarily limited to such behaviors as stalking, cyberbullying, intimidating, menacing, coercing, name-calling, taunting, making threats, and hazing.

Any student that believes s/he has been or is the victim of bullying should immediately report the situation to the building principal or assistant principal, or the District Administrator. The student may also report concerns to a teacher or counselor who will be responsible for notifying the appropriate administrator or Board official. Complaints against the building principal should be filed with the District Administrator. Complaints against the District Administrator should be filed with the Board President.

Every student is encouraged to report any situation that they believe to be bullying behavior directed toward a student. Reports may be made to those identified above.

All school staff members and school officials who observe or become aware of acts of bullying are required to report these acts to the building principal or assistant principal, or the District Administrator.

Reports of bullying may be made verbally or in writing and may be made confidentially. All such reports, whether verbal or in writing, will be taken seriously and a clear account of the incident is to be documented. A written record of the report, including all pertinent details, will be made by the recipient of the report.

All complaints about behavior that may violate this policy shall be investigated promptly by the building principal. The staff member who is investigating the report of bullying shall interview the victim(s) of the alleged bullying and collect whatever other information is necessary to determine the facts and the seriousness of the report.

Parents and/or guardians of each student involved in the bullying report will be notified prior to the conclusion of the investigation. The District shall maintain the confidentiality of the report and any related student records to the extent required by law.

If the investigation finds that bullying has occurred, it will result in prompt and appropriate remedial and/or disciplinary action. This may include student discipline, including, but not limited to reprimand, suspension, or possible expulsion. Further, the result of an investigation that finds that bullying has occurred may result in discharge for staff members, exclusion for parents, guests, volunteers, and contractors, and removal from any official position and/or a request to resign for Board members. Individuals may also be referred to law enforcement officials.

The complainant shall be notified of the findings of the investigation, and as appropriate, that remedial action has been taken.

This policy shall not be interpreted to infringe upon the First Amendment rights of students (i.e., to prohibit a reasoned and civil exchange of opinions, or debate, that is conducted at appropriate times and places during the school day and is protected by State or Federal law).

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying. Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally making a false report may result in disciplinary action as indicated above.

The following definitions are provided for guidance only. If a student or other individual believes there has been bullying, regardless of whether it fits a particular definition, s/he should report it and allow the administration to determine the appropriate course of action.

"Bullying" is defined on page one. Some examples of bullying are:

- A. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.
- D. "'Cyberbullying" – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal web sites, and defamatory online personal polling web

sites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others."

The Board recognizes that cyberbullying can be particularly devastating to young people because:

1. cyberbullies more easily hide behind the anonymity that the Internet provides;
2. cyberbullies spread their hurtful messages to a very wide audience with remarkable speed;
3. cyberbullies do not have to own their own actions, as it is usually very difficult to identify cyberbullies because of screen names, so they do not fear being punished for their actions; and
4. the reflection time that once existed between the planning of a prank – or a serious stunt – and its commission has all but been erased when it comes to cyberbullying activity.

Cyberbullying includes, but is not limited to the following:

1. posting slurs or rumors or other disparaging remarks about a student on a web site or on weblog;
2. sending e-mail or instant messages that are mean or threatening, or so numerous as to drive-up the victim's cell phone bill;
3. using a camera phone to take and send embarrassing photographs of students;
4. posting misleading or fake photographs of students on web sites.

"Harassment" includes, but is not limited to, any act which subjects an individual or group to unwanted, abusive behavior of a nonverbal, verbal, written or physical nature on the basis of age, race, religion, color, national origin, marital status or disability (sexual orientation, physical characteristic, cultural background, socioeconomic status, or geographic location).

"Intimidation" includes, but is not limited to, any threat or act intended to tamper, substantially damage or interfere with another's property, cause substantial inconvenience, subject another to offensive physical contact or inflict serious physical injury on the basis of race, color, religion, national origin or sexual orientation.

"Menacing" includes, but is not limited to, any act intended to place a school staff member, student, or third party in fear of imminent serious physical injury.

"Harassment, intimidation, or bullying" means any act that substantially interferes with a student's educational benefits, opportunities, or performance, that takes place on or immediately adjacent to school grounds, at any school-sponsored activity, on school-provided transportation or at any official school bus stop, and that has the effect of:

- A. physically harming a student or damaging a student's property;
- B. knowingly placing a student in reasonable fear of physical harm to the student or damage to the student's property; or
- C. creating a hostile educational environment.

"**Staff**" includes all school staff members and Board members.

"**Third parties**" include, but are not limited to, coaches, school volunteers, parents, school visitors, service contractors, vendors, or others engaged in District business, and others not directly subject to school control at inter-district or intra-district athletic competitions or other school events.

For a definition of and instances that could possibly be construed as **hazing**, consult Policy **5516**.

Privacy/Confidentiality

The School District will respect the privacy of the complainant, the individual(s) against who the complaint is filed, and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under this policy and its related administrative guidelines shall be maintained as confidential to the extent permitted by law.

To the extent appropriate in conducting a thorough investigation and/or as legally permitted, confidentiality will be maintained during the investigation process.

Notification

Notice of this policy will be **annually** distributed to all students enrolled in the School District, their parents and/or guardians and staff members. The policy will also be distributed to organizations in the community having cooperative agreements with the schools. Additionally, the policy will be posted in conspicuous locations in all school buildings and departments within the District and discussed with students, as well as incorporated into the teacher, student, and parent/guardian handbooks. State and Federal rights posters on discrimination and harassment shall also be posted at each building. All new hires will be required to review and sign off on this policy and the related complaint procedure.

The School District will also provide a copy of the policy to any person who requests it.

Records and Reports

Records will be maintained on the number and types of reports made, and sanctions imposed for incidents found to be in violation of the bullying policy.

An annual summary report shall be prepared and presented to the School Board, which includes trends in bullying behavior and recommendations on how to further reduce bullying behavior. The annual report will be available to the public.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of bullying behavior. The District Administrator or designee shall provide appropriate training to all members of the School District community related to the implementation of this policy and its accompanying administrative guidelines. All training regarding the Board's policy and administrative guidelines on bullying will be age and content appropriate.

The complaint procedure established by the District Administrator as set forth in AG 5517.01 shall be followed.

Wis. Stat. 118.46

5517 - STUDENT ANTI-HARASSMENT

Prohibited Harassment

The School Board is committed to an educational environment that is free of harassment of any form. The Board will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

For purposes of this policy, "School District community" means individuals subject to the control and supervision of the Board including, but not limited to, students, teachers, staff, volunteers, and Board members. "Third party" means individuals outside the School District community who participate in school activities and events authorized by the Board including, but not limited to, visiting speakers, participants on opposing athletic teams, and vendors doing business with, or seeking to do business with, the District.

Harassment means behavior toward a student or group of students based, in whole or in part, on their sex, race, color, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability or any other characteristic protected under State, Federal, or local law, which substantially interferes with the student's school or academic performance or creates an intimidating, hostile, or offensive school environment. Harassment may occur student-to-student, student-to-staff, staff-to-student, male-to-female, female-to-male, male-to-male, or female-to-female. Examples of conduct that may constitute harassment include:

- A. graffiti containing offensive language;
- B. name calling, jokes, or rumors;
- C. threatening or intimidating conduct directed at another because of the other's protected characteristic (e.g., sex, race, learning disability);
- D. notes or cartoons;
- E. slurs, negative stereotypes, and hostile acts which are based upon another's protected characteristic;
- F. written or graphic material containing comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;
- G. a physical act of aggression or assault upon another because of, or in a manner reasonably related to, the individual's protected characteristic;
- H. other kinds of aggressive conduct such as theft or damage to property, which is motivated by a protected characteristic.

Sexual Harassment

Sexual harassment deserves special mention. Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education;
- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education;
- C. that conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile, or offensive educational environment.

Sexual harassment may include, but is not limited to:

- A. unwelcome verbal harassment or abuse;
- B. unwelcome pressure for sexual activity;
- C. unwelcome, sexually motivated or inappropriate patting, pinching, or physical contact, other than necessary restraint of students by teachers, administrators, or other school personnel to avoid physical harm to persons or property;
- D. unwelcome sexual behavior or words including demands for sexual favors, accompanied by implied or overt threats concerning an individual's educational status;
- E. unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's educational status;
- F. unwelcome behavior or words directed at an individual because of gender;

Examples are:

- 1. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;
- 2. rating a person's sexuality or attractiveness;
- 3. staring or leering at various parts of another person's body;
- 4. spreading rumors about a person's sexuality;
- 5. letters, notes, telephones calls, or materials of a sexual nature;

6. displaying pictures, calendars, cartoons, or other materials with sexual content.
- G. inappropriate boundary invasions by a District staff member or other adult member of the District community into a student's personal space and personal life.

It is further the policy of the Board that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the work place, in that it interferes with the educational process and may involve elements of coercion by reason of the relative status of a staff member to a student.

Disability Harassment

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's educational performance; of creating an intimidating, hostile, or offensive learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disabling condition, such as negative comments about speech patterns, movement, physical impairments or defects/appearances, or the like.

Reporting Procedures

The District Administrator shall prepare written administrative guidelines for individuals to report alleged harassment prohibited under this policy to appropriate school administrators. The reporting procedures shall, at a minimum, provide as follows:

- A. Any student who believes s/he has been the victim of harassment prohibited under this policy will be encouraged to report the alleged harassment to an appropriate official as designated under administrative guidelines developed by the District Administrator.
- B. Any parent of a student who believes the student has been the victim of harassment prohibited under this policy will be encouraged to report the alleged harassment to an appropriate school official as designated under administrative guidelines developed by the District Administrator.
- C. Teachers, administrators, and other school officials who have knowledge or received notice that a student has or may have been the victim of harassment prohibited under this policy shall immediately report the alleged harassment to an appropriate school official as designated under administrative guidelines developed by the District Administrator.
- D. Any other person with knowledge or belief that a student has or may have been the victim of harassment prohibited by this policy shall be encouraged to immediately report the alleged acts to an appropriate school official as designated under administrative guidelines developed by the District Administrator.
- E. The reporting party or complainant shall be encouraged to use a report form available from the principal of each building or available from the District office, but oral reports shall be considered complaints as well. Use of formal reporting forms shall not be mandated. However, all oral complaints shall be

reduced to writing.

- F. To provide individuals with options for reporting harassment to an individual of the gender with which they feel most comfortable, each school's building principal shall be advised to designate both a male and a female Complaint Coordinator for receiving reports of harassment prohibited by this policy. At least one (1) Complaint Coordinator or other individual shall be available outside regular school hours to address complaints of harassment that may require immediate attention.

Investigation Procedure

The District Administrator shall prepare written administrative guidelines for investigating complaints of harassment. These procedures will, at a minimum, provide as follows:

- A. The Complaint Coordinator or another individual designated by the District Administrator (the "Investigator") shall conduct an investigation immediately. The District Administrator, or his/her designee, shall oversee the investigation. The District Administrator will also take immediate action, as may be appropriate, to prevent further violations of this policy while the investigation is being conducted.
- B. The investigation shall consider all relevant facts, documents, witness accounts, and other relevant information.
- C. The investigation should be completed as soon as possible, but no later than thirty (30) calendar days from receipt of the complaint, unless additional time is needed to conduct a thorough and objective investigation and the complainant is informed of the need for additional time. The Investigator shall make a written report to the District Administrator upon completion of the investigation. If the complaint involves the District Administrator, the report shall be filed directly with the Board. The report shall include a determination of whether the allegations have been substantiated as factual and whether they appear to be violations of this policy. The Investigator may conduct the investigation whether or not a criminal investigation involving the same or similar allegations is also pending or has been concluded.

School District Action

Upon receipt of a report that a violation has occurred, the District will take prompt, appropriate formal or informal action to address, and where appropriate, remediate the violation. Appropriate actions may include, but are not limited to, counseling, awareness training, parent-teacher conferences, warning, suspension, exclusion, transfer, remediation, termination, or discharge. District action taken for violation of this policy shall be consistent with the requirements of applicable collective bargaining agreements, State and Federal law, and District policies for violations of a similar nature or similar degree of severity.

If the evidence suggests that the harassment at issue is a crime or requires mandatory reporting under the Children's Code (Sec. 48.981, Wis. Stat.), the District Administrator shall report the harassment to the appropriate social service and/or law enforcement agency charged with responsibility for handling such investigations and crimes.

To the extent consistent with State and Federal laws regarding privacy and other rights, the District Administrator shall provide the complainant and other parties with a written answer to the complaint as

quickly as possible, but not more than thirty (30) calendar days from receipt of the Investigator's report, unless the District Administrator determines that additional investigation is justified, in which case the complainant will be informed of the need for further investigation.

Formal Complaint Investigation

The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy and administrative guidelines or in such other manner as deemed appropriate by the Board or its designee.

Reprisal

Submission of a good faith complaint or report of harassment will not affect the complainant's or reporter's grades or learning environment. However, the Board also recognizes that false or fraudulent claims of harassment or false or fraudulent information about such claims may be filed. The Board reserves the right to discipline any person filing a false or fraudulent claim of harassment or false or fraudulent information about such a claim.

The Board will discipline or take appropriate action against any member of the School District community who retaliates against any person who reports an incident of harassment prohibited by this policy or participates in a proceeding, investigation, or hearing relating to such harassment. Retaliation includes, but is not limited to, any form of intimidation, reprisal, or harassment.

Miscellaneous

The District shall conspicuously post a notice including this policy against harassment in each school in a place accessible to the School District community and members of the public. This notice shall also include the name, mailing address and telephone number of the Complaint Coordinators, the name, mailing address and telephone number of the State agency responsible for investigating allegations of discrimination in educational opportunities, and the mailing address and telephone number of the United States Department of Education, Office for Civil Rights.

A summary of this policy and any related administrative guidelines shall appear in the student handbook and shall be made available upon request of parents, students, and other interested parties.

The Board will develop a method of discussing this policy with the School District community. Training on the requirements of non-discrimination and the appropriate responses to issues of harassment will be provided to the School District community on an annual basis, and at such other times as the Board in consultation with the District Administrator determines is necessary or appropriate.

This policy shall be reviewed at least annually for compliance with local, State, and Federal law.

The Board will respect the privacy of the complainant, the individuals against whom the complaint is filed, and the witnesses as much as practicable, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery, disclosure, or other legal obligations.
