All eligible students will participate in a shortened version of Kindergarten taught by McFarland Kindergarten teachers. During registration, parents will sign up for 2 morning OR 2 afternoon sessions. During these sessions, parents attend information groups to familiarize them with the McFarland School System and learning opportunities for their child. Prospective Kindergartners will have the opportunity to play, interact and learn with other youngsters in their age group. The children will be observed and evaluated in the areas of academic ability, motor skills, language and social skills, while participating in Kindergarten type activities. It is extremely important that your child participates in Kindergarten Warm Up. After Warm Up, parents will receive feedback on their child's experience. Kindergarten staff will also provide parents with more information about special programs that are available for incoming students.
