

Dental Resources for Adults and Children

Below is a list of low cost dental care options available in Madison and Dane County. Services may or may not be available when you call.

Dental Hygiene Clinic at Madison Area Technical College (MATC)

1705 Hoffman Street, Madison, WI 53704

608-258-2400

This program is for training dental hygienists. For a small fee, teeth cleaning, fluoride treatments and dental x-ray services are provided by student hygienists. Dental sealants are also available for an additional fee. Medical Assistance/BadgerCare is accepted. Call for an appointment. Best times are August/September for fall appointments and January for spring appointments. If no appointments are available when you call, ask to be put on the waiting list. You can save money by getting this preventive care done first while you try to find a dentist. Any x-rays taken can be sent to your dentist. Open September through May only. ***If you miss an appointment, you may not be rescheduled.***

Max Pohle Dental Clinic at Meriter Hospital

202 South Park Street 608-417-6500

This is a dental clinic that is set up to provide advanced training for dentists. Medical Assistance/BadgerCare is accepted and payment plans may be worked out, but some payment is usually required at each visit. They have a call-in system of making regular and emergency appointments for a limited number of people each month. ***If you miss an appointment, you may not be rescheduled.***

Access Community Health Center (ACHC) Dental Clinic

3434 East Washington Avenue 608-443-5482

This is a full service clinic that provides dental care to adults and children. Services are provided on a sliding-fee scale based on income and family size. A minimum payment is required at the time services are provided. Medical Assistance/BadgerCare is accepted. Appointment times fill up quickly and are only scheduled two weeks in advance. ***If you miss an appointment, you may not be rescheduled.***
