

## SCHOOL DISTRICT OF MCFARLAND

### NOTICE OF EDUCATIONAL OPTIONS FOR CHILDREN WHO RESIDE IN THE SCHOOL DISTRICT

The School District of McFarland (“MSD”) offers students a variety of educational options to children who reside in the District. The District’s primary educational pathway and instructional program for students involves a progression from 4-year-old Kindergarten through 12th grade, leading to a high school diploma.

The most recent state-assigned accountability reports show that Indian Mound Middle School (Grades 6-8) and Waubesa Intermediate School (Grades 3-5) exceed the expectations set by the State; McFarland High School (Grades 9-12) met the expectations set by the State; and McFarland Primary School (Grades 1-2) earned satisfactory progress through the Department of Public Instruction Alternative Rating scale. Conrad Elvehjem Early Learning Center did not receive a state accountability rating because Kindergarten is not a tested grade in the state accountability system.

Some of the specific education programs offered to eligible students who are enrolled in and attending the District’s schools include the following:

- Early childhood special education (for students who are at least 3 years old but not yet school-age)
- Special education for students with disabilities
- English language learner education
- Gifted and talented education
- Career and Technical Education (CTE) programs
- Individualized program and curriculum modifications
- Alternative education program(s)
- At-risk education (e.g., for students identified as being at-risk of not graduating from high school)
- Summer school programming

The full version of the District’s most recent school and school district accountability report, as issued by the WI Department of Public Instruction under section 115.385 of the state statutes, can be accessed via the following page on the District’s website: <https://apps2.dpi.wi.gov/reportcards/>

Beginning with the 2018-19 school year, educational options for students who are enrolled in MSD that involve part-time attendance at an educational institution other than a school of the MSD include the following:

  - is subject to state and local eligibility requirements, including space availability, consistency with a students’ Individualized Educational Plan (if applicable), and cost to the District
- Early College Credit Program, which
  - provides opportunities for students in the high school grades at certain institutions of higher education in Wisconsin; and
  - is subject to state and local eligibility requirements

Additional educational options for children who reside in the District that involve full-time enrollment/attendance at a school, program, or other educational institution that is not a school or instrumentality of MSD include the following:

- Beginning in the 2016-17 school year, a child with a disability who meets the program's specific eligibility requirements may apply to attend an eligible, participating private school under a scholarship awarded through the state's "Special Needs Scholarship Program," as established under section 115.7915 of the state statutes.
