Why:

1. Celebrate our students!
2. Keep parents, students, community, and alumni in the loop of what is happening at our schools.
3. Promote events and share those daily classroom moments.
4. Build an ongoing conversation about the positive impact our district is making in the lives of our students.

What do I need to do?

- If you are on these social media sites – follow us!
- Like, comment, retweet, double tap!
- Help promote these accounts to family and friends.

McFarland School District is in compliance with the Family Education Rights and Privacy Act of 1974. One of the components of the Act is limited disclosure of student information. Student names will not be included in social media posts as a general rule. In the course of school operations, names and/or images of students may be released to the McFarland School District social media pages for special academic and/or achievement awards, and athletic activities, etc. This is a passive agreement (it is assumed that you agree, unless otherwise noted) between McFarland School District and the parent/guardian of enrolled students. If you prefer not to consent to posting celebratory photos of your child on social media, please indicate this during the annual student registration process or inform your student's building administrators/administrative assistant.
